General Notes:

- a) Livewell checks will be performed prior to boats being launched at the top of the ramp; please have your live wells open for inspection.
- b) Tournament start will be an “**ooze-off**” start with safe spacing between boats with the Start Boat positioned outside of all No Wake Buoys. If you are fishing inside of the No Wake area, you must still start the tournament by idling out past the Start Boat in single file - in numerical order. You must pass within two boat lengths of the start boat when your number is called. If a boat number is called to start and is delayed getting to the front of the pack, the next boat in sequence will be allowed to “kick” and the late boat will be inserted in the start line when he reaches the start boat.
- c) Personal Floatation Devices (PFD) must be worn any time main engine is operating with kill switch lanyard secured to the driver. This includes when the Co-Angler or Boater is debarking or embarking from the boat if the engine is running. **Each competitor is required to provide their own PFD.**
- d) If you need help launching ask a member or the tournament director prior to the launch.
- e) Please contact tournament director promptly with any cancellations or changes.
- f) Make sure your vehicle is properly permitted and permit displayed properly.
- g) Do not block the ramp with vehicles during the weigh-in process. Do not park in a “handicapped” space unless you have the proper decal on your vehicle.
- h) Don't park on the dirt point beyond the no parking signs if ‘posted’.
- i) Once the scales are open, the Tournament Director shall distribute the 6-8 official weigh-in bags to teams. These bags are used to regulate the length of the line at the scales, in order to help the health of the fish. After the team weighs in, they are to use a team’s personal bag to transport the fish to the lake. The official bags are given to the next team in line. Teams must use a numbered official club bag to bring their fish to the scales. After weigh-in all the fish will be placed back into the angler’s personal bag containing water for return to the lake.

Special Note: With a summer tournament, special precautions must be considered.

- a) Have plenty of fluids on board to hydrate yourself and your teammate.
- b) Take special measures with your live well. Consider putting ice in it or the various products available to keep fish alive and well.
